Call for Papers for Special Issue on:
“Cancer: normal cells’ reply to a deadly fate”

Guest edited by: Rajendra Mehta, Hikmet Geckil, Devrim Gozuacik

Special Issue Aims and Scope:

Turkish Journal of Biology, published by the Scientific and Technological Research Council of Turkey (TUBITAK), is an international resource for the latest information on the most crucial areas of research and reports in life sciences in general. Indexed in Thomson Reuters ISI/SCIE Web of Science, and many others, **Turkish Journal of Biology** would like to announce that it is now accepting manuscript submissions on the topic of your work for publication in a Special Issue on "**Cancer: normal cells’ reply to a deadly fate**", planned for late 2014. The Editors of the issue will be Prof. Rajendra Mehta from Illinois Institute of Technology (Chicago, USA), Prof. Hikmet Geckil from Inonu University (Malatya, Turkey) and Prof. Devrim Gozuacik from Sabanci University (Istanbul, Turkey). Submissions to this special issue will cover, but are not restricted to, the following broad topics:

- Genetics and Epigenetics of Cancer
- Metabolism and Cancer
- Cancer and Inflammation
- Cell Death and Cancer
- Cancer Genomics
- Physics of Cancer

Last Date for Submission: 01 May 2014

Publication Date: Second half of 2014

Submission Process:

All manuscripts must be submitted electronically via the Internet to the **Turkish Journal of Biology** through the online system for TÜBİTAK journals at <http://online.journals.tubitak.gov.tr/login.htm?BIY>. You will be guided stepwise through the creation and uploading of the various files. There are no page charges.

Papers are accepted for publication on the understanding that they have not been published and are not going to be considered for publication elsewhere. Authors should certify that neither the manuscript nor its main contents have already been published or submitted for publication in another journal. The copyright release form, which can be found at <http://journals.tubitak.gov.tr/genel/copyright.pdf>, must be signed by the corresponding author on behalf of all authors and must accompany all papers submitted. Please see the form for additional copyright details.

Manuscripts may be rejected without peer review by the editor-in-chief if they do not comply with the instructions for authors or if they are beyond the scope of the special issue. After a manuscript has been accepted for publication, i.e. after referee-recommended revisions are complete, the author will not be permitted to make changes that constitute departures from the manuscript that was accepted by the editor. Before publication, the galley proofs are always sent to the authors for corrections. Mistakes or omissions that occur due to some negligence on our part during final printing will be rectified in an errata section in a later issue. This does not include those errors left uncorrected by the author in the galley proof. Please see the instructions for authors of the Turkish Journal of Biology for detailed information on submission process and manuscript preparation.

Guest Editors:
